(*a*) Selection grade has been awarded to Assistant Masters working in Government High Schools on the basis of seniority *cum* merit subject to the posts not exceeding 20 per cent of the cadre strength Selection grade has been awarded to Assistant Masters working in Aided High Schools on completion of satisfactory service of 20 years subject to the condition that at any time the total number of sanctions for the said grade should not exceed 20 per cent of the total strength of the posts of Assistant Masters in Aided Schools of the State.

(*b*)	1	Government High Schools (Ex-Local Body Schools)	...	402
	2	Non-Government High Schools	...	114
			Total	516

(*c*) Government High Schools (Ex-Local Body Schools) prior to the issue of the Government Order taking over the Local Body Schools the employees of the schools were treated on par with the employees of the Private Aided Institutions Accordingly, selection grade was given to teachers who had put in 20 years of service and this was limited to 20% of the total number of teachers in the lower cadre.

After the issue of the Government Order taking over the Local Body Schools, selection grade has not been awarded to the employees of the Local Body Institutions for the following reasons :

1 The seniority and cadre strength have yet to be determined.

2. As the process of take over has not yet been finalised the seniority list also has not been finalised.

3. Pending finalisation of the take over of the schools action is being taken to prepare the seniority list and thesame will be published immediately after the process of take over is completed.

Aided Schools.—In regard to Non-Government Private High Schools, selection grade has been awarded as and when proposals were received in respect of teachers who have put in satisfactory service of 20 years. As stated in reply to clause No. 2 114 teachers have not been sanctioned selection grade as the proposals for the same have not been received from the Heads of the Institutions concerned.
